I confirm that the competition was ran according to the IPF rules: Discs and bar(s) were checked and found to be correct: The drug test was done directly after the competition was finished: The lift(s) was(were) judged by IPF int. Referees: The score sheet is enclosed with this claim:	<b>Yes/No</b> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
---	---

World records can only be accepted if drug testing was carried out on the lifter immediately following the competition for his bodyweight category and in accordance with IPF/WADA drug testing protocol. The result of the analysis must be negative and must be forwarded to the IPF President respectively for European records to the EPF General Secretary within 3 months beginning from the date of the competition. Therefore it is also necessary to send the Doping Control Sheet to the IPF President respectively to the EPF General Secretary.

\_\_\_\_\_  
Signature  
by the chief of the jury, the chief referee or GS of the National Federation

**Remarks.**  
The signatures must be only originaly.  
Necessary to send to the Record Registrar the copy of official competitions protocol.
